Accessibility Plan

Document control table	
Title	Accessibility Plan
Date of this academy plan	1 September 2021
Approved by	OA central & headteacher
Date of next review	Sept 23
Updates/revisions included:	None
This is an OA central template which must be modified and completed by each academy to ensure it is relevant to each academy context: Sections 1-4 are general and can remain unedited Sections 5 & 6 should be completed with the local context in mind – the action plan should be reviewed on a regular basis. Having been approved by the headteacher, the final version should be submitted to OA central for filing.	

1. Vision and beliefs

The values of Olive Academies (OA) are:

- CONVICTION - Everyone has the capacity to reach their potential.
- DETERMINATION - Not giving up on those who have not experienced success
- AMBITION - All challenges can be overcome and education is an important lifelong journey
- REFLECTION - Learning from experiences and developing a capacity to improve further

Olive Academies will underpin these values by ensuring that:

- every teacher is a teacher of every pupil including those with Special Educational Needs and Disabilities (SEND)
- all pupils deserve quality first teaching
- every pupil should make good progress commensurate with their ability

2. Accessibility Strategy

This statement sets out the ways in which Olive Academies (OA) multi academy trust (MAT) provides access to education for students with a disability.

A person has a disability if:

- they have a physical or mental impairment
- the impairment has a substantial and long-term adverse effect on their ability to perform their day-to-day activities (Equality Act 2010)

OA's Accessibility Strategy has been produced in response to, and in accordance with, the Equality Act (2010). Our aims are to:

- Improve and maintain access to the physical environment
- Improve access to information for pupils
- Increase access to the curriculum for pupils with a disability

In section 5, our accessibility action plan outlines how we hope to meet these aims.

The MAT board is committed to the principle of all local children having equal rights of access if this can reasonably be provided. The trust will review access to the physical environment of all of its academies for students with disabilities.

Evacuation procedures

Each academy will adapt its evacuation procedure to meet the specific needs of an individual with a disability. Such procedures will be discussed with the student and parents/carers and will be in the student's Special Educational Needs (SEN) file. Students who may find emergency evacuation difficult may have a support assistant in their class. A Personal Emergency Evacuation Plan (PEEP) will be drawn up for students with additional needs/disabilities.

Curriculum Access: Teaching, Learning and Assessment

Our aim is that students with disabilities should, as far as possible, have access to a full and broad curriculum similar to that followed by their peers, differentiated to take account of access and learning needs. Access to the curriculum is a key issue for consideration at the stage of admission to the academy, transition within the academy or when a disability develops. Advice and support,

where appropriate, will be sought from the appropriate external agencies and can be provided in a variety of formats.

Each OA academy has access to a variety of IT facilities which may help overcome difficulties of mobility and sight impairment in particular. Specialist equipment and ICT resources may be available to meet individual needs. A range of software is available to support students with dyslexia or reading difficulties.

In constructing the academy's timetable each academy headteacher will give sympathetic consideration to individual needs. Also, furniture, seating arrangements and the classroom used can be altered to facilitate access and learning. The academy will assess a pupil's need for support and exam access arrangements. This will include both internal assessment procedures and external assessment.

By the nature of the alternative provision OA provides to pupils, there will be a varied range of out of school activities, placements, and opportunities. OA aims to ensure that all our pupils can participate fully in these activities and that they are offered consistent with the limitations imposed by any disability. The suitability of any event and the need for additional support will be fully discussed with the parents/carers in advance should an assessment indicate it would be helpful.

OA will also promote accessibility for all to other partners that we work with, accessing additional support and input as best we can.

3. Information for parents/carers and pupils

Parents and carers are routinely involved in reviewing provision for their child. The child will also be consulted in any review, and large print format materials can be made available if needed.

If either a pupil or parents/carers have difficulty accessing information normally provided in writing by the academy such as worksheets, homework or newsletters then the academy will be happy to consider alternative forms of provision.

The following policy documents are relevant to the general issue of accessibility.

- Admissions arrangements
- SEND Policy
- Equality and Diversity Policy

In developing any policy, OA recognises the need to consider accessibility for all in what is being proposed and required.

4. Monitoring and review

Within each academy, the implementation of this plan will be reviewed on a regular basis, and recommendations made to the Academy Advisory Board (AAB) and OA central should a need for modification be identified.

In addition, as training needs arise, OA will endeavour to meet these to support staff in ensuring accessibility for all.

5. Accessibility action plan – Olive AP Academy – Nene Valley
