### 1. Aims

The aims of relationships and sex education (RSE) at Olive Academies multi-academy trust are to:

- provide a framework in which sensitive discussions can take place
- prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- help pupils develop feelings of self-respect, confidence and empathy
- create a positive culture around issues of sexuality and relationships
- teach pupils the correct vocabulary to describe themselves and their bodies

We are committed to meeting the needs of our pupils in line with our values and beliefs:

- Conviction – everyone has the capacity to reach their potential;
- Determination – not giving up on those who have not yet experienced consistent success;
- Ambition – all challenges can be overcome with the right support both in education and in life;
- Reflection – learning from experiences and developing a capacity to improve further.

### 2. Statutory requirements

As a multi-academy trust which provides primary and secondary education to children and young people, we must provide relationships education to all pupils as per section 34 of the [Children and Social work act 2017](#).

For primary education, we do not have to follow the National Curriculum but we are expected to offer all pupils a curriculum that is similar to the National Curriculum including requirements to teach science which would include the elements of sex education contained in the science curriculum.

For secondary education, we must provide RSE to all pupils as per section 34 of the [Children and Social work act 2017](#).

In teaching RSE, we are required by our funding agreements to have regard to [guidance](#) issued by the secretary of state as outlined in section 403 of the [Education Act 1996](#).

At Olive Academies we teach RSE in our academies as set out by this policy.

### **3. Policy development**

Guidance from the government is that schools are required to consult with parents when developing and reviewing policies for RSE. In the first year of implementation of this policy (2020/21) we are doing this in the following ways:

- Development of the policy by a group of staff who are leading on PDPA across Olive academies
- Publication of this policy on our website and letting parents/carers know that they can view the policy and raise any questions or concerns about the curriculum content
- Letting parents/carers know when students will be taught certain content and asking for feedback throughout the year on how students have reacted to these lessons
- Sharing this policy with trustees for approval and Academy Advisory Board members for ratification

In 2020/21, we will engage with staff, students and parents/carers and listen to their feedback. This feedback and our experience of having delivered the curriculum will help shape an updated policy for the following year.

### **4. Definition**

RSE is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSE involves a combination of sharing information and exploring issues and values.

RSE is not about the promotion of sexual activity. We aim to support people, throughout life, to develop safe, fulfilling and healthy sexual relationships, at the appropriate time.

### **5. Curriculum**

Our curriculum is set out as per Appendix 1 but we may need to adapt it as and when necessary.

We have developed the curriculum, taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

For more information about our curriculum, see our curriculum map in Appendix 1.

### **6. Delivery of RSE**

RSE is taught within the personal, social, health and economic (PSHE) education curriculum. Biological aspects of RSE are taught within the science curriculum, and other aspects are included in religious education (RE).

Pupils also receive stand-alone sex education sessions delivered by a trained health professional.

RSE focuses on giving young people the information they need to help them develop healthy, nurturing relationships of all kinds including:

- families
- respectful relationships, including friendships
- online and media
- being safe
- intimate and sexual relationships, including sexual health

For more information about our RSE curriculum, see Appendix 1.

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

## **7. Roles and responsibilities**

### **7.1 The board of trustees and AAB**

The education performance and standards committee within the board of trustees will approve the RSE policy and hold the CEO to account for its implementation across the academies.

The Academy Advisory Board will advise, support and challenge the headteacher on the implementation of the policy receiving regular updates at its meetings.

### **7.2 The CEO and headteacher**

The CEO will provide leadership on the implementation of this policy across the trust's academies.

The headteacher is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw pupils from non-statutory or non-science components of RSE (see section 8).

### **7.3 Staff**

Staff are responsible for:

- delivering RSE in a sensitive way
- modelling positive attitudes to RSE
- monitoring progress
- responding to the needs of individual pupils
- responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory/non-science components of RSE

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the headteacher.

## **7.4 Pupils**

Pupils are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

## **8. Parents' right to withdraw**

For **secondary** pupils, parents have the right to withdraw their children from the non-statutory/non-science components of sex education within RSE up to and until 3 terms before the child turns 16. After this point, if the child wishes to receive sex education rather than being withdrawn, the school will arrange this.

Requests for withdrawal should be put in writing using the form found in Appendix 2 of this policy and addressed to the headteacher.

A copy of withdrawal requests will be placed in the pupil's educational record. The headteacher will discuss the request with parents and take appropriate action.

Alternative work will be given to pupils who are withdrawn from sex education.

## **9. Training**

Staff are trained on the delivery of RSE and it is included in our continuing professional development calendar. OA academies are members of the [PSHE Association](#) and use resources from there and from [1Decision](#) as well as the training modules provided by the DfE for the statutory [relationships sex and health education](#) curriculum.

The headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

## **10. Monitoring arrangements**

The delivery of RSE is monitored by the deputy headteacher and trust lead for PDPA through our planning scrutiny, book review and learning walk programme and through feedback from pupils.

Pupils' development in RSE is monitored by class teachers as part of our internal assessment systems.

This policy will be reviewed by the Director of Academies every two years. At every review, the policy will be approved by education performance and standards committee of the board of trustees.
